

European Physical Society Accelerator Group EPS-AG

CALL FOR NOMINATIONS

The European Physical Society Accelerator Group (EPS-AG)
invites nominations for the

2011 EUROPEAN ACCELERATOR PRIZES

The prizes are for individuals with no restriction as to nationality. They are:

- a) The Rolf Wideröe Prize for outstanding work in the accelerator field with no age limit. The winner will receive an engraved medal, and make an oral presentation during the Accelerator Prizes Special Session during IPAC'11.
- b) The Gersh Budker Prize for a recent, significant contribution to the accelerator field with no age limit. The winner will receive an engraved medal, and make an oral presentation during the Accelerator Prizes Special Session during IPAC'11.
- c) The Frank Sacherer Prize for an individual in the early part of his or her career, having made a recent significant, original contribution to the accelerator field. The winner will receive a framed certificate, and a cash prize of 2000 Euros, and will also make an oral presentation during the Accelerator Prizes Special Session during IPAC'11.
- d) A prize, awarded to a student registered for a PhD or diploma in accelerator physics or engineering or to a trainee accelerator physicist or engineer in the educational phase of their professional career, for the quality of work and promise for the future. Applicants will be judged on the quality of the work submitted to the conference. The winner will receive a framed certificate, and a cash prize of 1000 Euros and will have the opportunity to make a short oral presentation during the Accelerator Prizes Special Session during IPAC'11.
- e) Best student posters, awarded to 2 students whose work, presented in the special session for students is particularly meritorious. Each winner will receive a cash prize of 500 Euros, presented during the Accelerator Prizes Special Session during IPAC'11.

Preliminary Nominations for Prizes a), b) and c), consisting of a brief description of the candidate (date of birth, professional activities) and a justification for the award of the prize must be received by e-mail (Christine.Petit-Jean-Genaz@cern.ch), and by the deadline of

Wednesday, 19 January 2011

The Selection Committee will thereafter request formal proposals *to be submitted electronically*, for those candidates who will have been short listed. Formal proposals must include a curriculum vitae, a list of relevant publications with copies of up to three of the most significant, and letters of reference from one or more proposers, justifying the nomination. Formal proposals must be received by the deadline of

Wednesday, 16 March 2011

The young scientist prizes (d) and e)) are announced via the IPAC'11 website. Students must apply via the appropriate form. Justifications from supervisors/line managers are required to support nominations for prize d). Eligible candidates must apply to be considered for the prizes by the *deadline for the submission of abstracts* to the conference

13 April 2011
